One-Way Traffic Control on Highway 1 in Marin County To Start on Wednesday

Mill Valley – Caltrans will initiate round the clock one-way traffic control on a short stretch of Highway 1 just west of Loring Avenue in Mill Valley starting next Thursday, September 10, 2009. The one-way traffic control will be in effect 24/7, and will last for approximately one month. Daytime one-way traffic control will be in place for the next week.

The 24/7 one-way traffic control will enable crews to safely install a new drainage culvert, and to widen the road. Traffic will be switched at five to ten minute intervals.

Drivers are reminded that traffic fines are doubled in construction or maintenance zones. Please remember to "Slow For The Cone Zone."
